MEMORANDUM FOR: HQ, USAF  
AFCIG-5

SUBJECT : Request for Waiver to BEMO/CEMO  
Procedures, Detachment "G"

1. Request action be taken to waive the provisions of the Base Equipment Management Office (BEMO) - Command Equipment Management Office (CEMO) procedures as they pertain to Detachment "G".

2. The above request is made in the interest of maintaining security and to eliminate the possibility of compromising the mission of the detachment. It is not considered feasible to apply the BEMO/CEMO procedures to this detachment because in addition to the Air Force property in the possession of the detachment there is a considerable amount of this Headquarters property of a peculiar mission nature also on hand within the unit.

3. In view of the above, it is requested that the Commander, Edwards Air Force Base, California, Attention:  be advised that BEMO/CEMO procedures are not applicable to Detachment "G". It is suggested that a copy of the instructions be forwarded to AFSC.
